

Dear Messi

Thanks for your letter and it was great to hear from you. You asked me to tell you about my favorite day of the week. Well, it's definitely Friday.

One reason I like Fridays is because I have my favorite subjects at school: PE and chemistry. Chemistry's great because we do experiments in the science lab and our teacher, Mr. King, is so funny. In PE we usually play basketball, which is my favorite sport. I'm good at it because I'm quite tall. Our team usually wins.

We also have French on Fridays, which is actually my least favorite subject, but after that we have ICT which is much more interesting. At the moment I'm creating a webpage for our basketball team. After school I hang out with my friends, and then in the evening I play football at the sports center. On Friday nights we sometimes go to someone's house for a party or to watch a DVD. We can relax a bit on Friday evenings because there's no school on Saturday.

Tell me about your favorite day in your next letter. Hope to hear from you soon.
